Company name

Tokiwa Kogyo Co.,Ltd.

Tokiwa Kogyo is a general contractor located in Hamamatsu. Their office building was the first in Hamamatsu to be selected by the Ministry of Land, Infrastructure, Transport and Tourism as one of their Low-CO2 Residence and Building Leadership Projects. TOKIPOINT hosts many visitors to their facilities, with over 1500 people visiting within the first year of opening in 2022. Visitors can see firsthand how a functioning office works to reduce carbon emissions, promote work-style reforms, and utilize natural energy on a day-to-day basis. Mr.Takahashi from the president's office will be the SDGs seminar lecturer. He currently gives SDGs seminars advising not only businesses but educational institutions as well. This lecture will look at the process of examining existing businesses through an SDGs lens, and attendees will receive practical tips on how to get started with implementing SDGs.

*Training on project management (including on-site operations as well as delivery and safety management) will also be available.
